

Pak Choi

Brassica rapa (Chinensis group)

Glacier F1

General Description:

The first pak choi which has been specially bred in Britain to cope with our ever changing weather! Excellent bolting tolerance during the high temperatures and long days in the summer months has been combined with useful cold tolerance for spring and autumn growth, making this the perfect choice for the British veg grower.

Profile:

Type	Hybrid
Relative maturity	Early
Leaf Colour	Green
Leaf Shape	Spatulate
Stem Colour	White
Stem shape	Broad based
Flavour	Sweet with a hint of mustard

Remarks

Can be picked as 'baby choi' or left to mature, versatile vegetable for salads or stir-fries
