

Kalettes®

Garden Mix

General Description:

Kalettes® are a brand new vegetable; a small, green and purple sprout with curly leaves. The Kalette® is a cross between two real 'Superfoods', Brussels sprouts and British kale resulting in a vegetable with a sweet and nutty flavour. More information can be found on the official Kalettes® website here: www.kalettes.com

Profile:

Type:	Hybrid
Cropping Period:	October- end of February
Days to Maturity:	180 - 300
Sprout Colour:	Green, Red and bi-colour

The information that has been provided is an average of the data gathered from various trial locations. Please be aware that variations in the growing environment and climatic conditions can render this information inaccurate, it is intended for general guidance only.
