Pumpkin
Wicked F1

General Description:

Wicked has been developed to provide superb quality larger 'monster' Hallowe'en pumpkins specifically suited to cultivation in the UK and other countries with a cooler climate. Early maturing, even in cool summers, it has a vibrant deep orange smooth skin which is easy to carve and the fruits store well due to their good tolerance to soft rots. Strong fruit stalks (handles) means they stay attached strongly to the fruit after harvest which further improves storage and appearance.
