

Leek

TZ 0188 F1

HYBRID

General Description:

A new addition to our second early leek range. The slight vigour advantage means this variety complements Lancaster to provide greater harvest continuity. Slightly paler than Lancaster but with a more erect habit and longer shank makes this a versatile leek for processing and prepack.

Profile:

Earliness	6	Habit	8
Leaf Colour	7	Shaft Length	7

Key:

Earliness	1 = slow growing	10 = fast growing	Habit	1 = less erect	10 = erect
Leaf colour	1 = light green	10 = dark green	Shaft length	1 = short	10 = long

The information that has been provided is an average of the data gathered from various trial locations. Please be aware that variations in the growing environment and climatic conditions can render this information inaccurate, it is intended for general guidance only.
