

Kalettes®

Autumn Star F1

HYBRID

General Description:

Autumn Star is the earliest of the three Kalettes® varieties, maturing from October. This variety has superb vigour and produces high yields of Kalettes® which are exceptionally easy to harvest. Remaining in good condition until at least the end of November, this variety develops a great sweet and nutty flavour as the season progresses.

Profile:

Cropping Period: October through November

Days to Maturity: 180

Sprout Colour: Green, Red and bi-colour
