

# Super Hot Chilli Pepper

*Capsicum chinense*

## Armageddon

HYBRID

### General Description:

Armageddon is the world's first F1 hybrid super-hot chilli. This gives the grower a fantastic advantage in terms of improved plant vigour and fruit uniformity, with reduced days to maturity. It is a vigorous, uniform, early fruiting variety with exceptional yields.

### Profile:

<b>Maturity</b>	The earliest maturing super-hot variety, at least 14 days earlier maturing than Carolina Reaper
<b>Fruit Habit</b>	Pendant
<b>Fruit Colour</b>	Pale green to red
<b>Fruit Shape</b>	Oval/globular with small tip/tail at fruit end
<b>Fruit Size</b>	4-5cm (length) x 3-4 cm (diameter)
<b>Scoville rating</b>	Currently 1.3 million
<b>Taste</b>	Extremely hot
<b>Remarks</b>	Whilst current official SHU data is a little below the Carolina Reaper, making Armageddon the second hottest chilli, experienced tasters have rated this variety hotter tasting than Reaper. We are currently gathering more SHU data under different growing conditions.

The information that has been provided is an average of the data gathered from various trial locations. Please be aware that variations in the growing environment and climatic conditions can render this information inaccurate, it is intended for general guidance only.
