

Celery

TZ 7708 Cleopatra F1

Hybrid

General Description:

TZ 7708 is our brand new hybrid for early and mid-season celery production. It is particularly good for prepacking in the early season due to its slow bolt. This variety has a great mid green colour and low side shoots. It grows quickly and stands well. Performance is especially good in an unpredictable early season.

Profile

Maturity Slot:	Early/main season	Petiole colour:	3
Height to 1st knuckle (cm):	30	Petiole texture:	3
Tolerance to bolting:	4.5	Resistance to Race 2 Fusarium	IR

Comments: Ideal for pre-pack. Slow bolt, particularly in early season. Low side shoots
