

Celery

Goodwin F1

Hybrid

General Description:

Goodwin is our brand new hybrid for early and mid-season celery production. It is particularly good for prepacking in the early season due to its low bolt. This variety has a great mid green color and low side shoots. It grows quickly and stands well. Performance is especially good in an unpredictable early season.

Profile

Maturity Slot:	Early/main season	Petiole color:	3
Height to 1st knuckle (cm):	30	Petiole texture:	2
Resistance to bolting:	4		

Comments:	Ideal for pre-pack. Low bolt, particularly in early season. Low side shoots
------------------	---
