

Purple Sprouting Broccoli

Blaze F1

HYBRID

General Description:

This variety has been outstanding for the often difficult late autumn cropping period of October and November, however from sequential sowings it can be cropped from late July onwards. The colour, yield and stem qualities of this variety make it an excellent choice.

Profile:

Type:	Hybrid
Plant uniformity:	Good
Cropping Period:	Late October / November
Days to Maturity:	130 days approx
Spear Colour:	Dark Purple
